(b) whether it is also a fact that these States have also complained that due to insufficient allocation of budget the target fixed for road construction is not being achieved;

(c) if so, the details of such States;

(d) whether Government, keeping in view the demand of such States, is contemplating to raise the budget allocation for road projects; and

(e) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF SHIPPING, ROAD TRANSPORT AND HIGHWAYS (SHRI K.H. MUNIAPPA): (a) to (e) This Ministry is primarily responsible for the development and maintenance of the National Highways (NHs). The State Government concerned are responsible for roads other than National Highways. There are requests from time to time from many States for enhancing the budgetary allocation for development of NHs entrusted with such States. However, the allocation for NH (Original) Works is made to the States depending upon the condition of the NHs, the works sanctioned for development/improvement of NHs, overall availability of funds and progress of expenditure made from time to time. The targets are also fixed for various development works on NHs as per the availability of the funds. The enhancement of allocation of funds to States for development of NHs is considered subject to enhancement of overall allocation of funds during Revised Estimate (R.E.) stage, progress of expenditure and demands for additional allocations for such States and surrender of funds from other States, if any.
